## **The Discovery to Launch Monthly Tech!Night Program**

(Reno, NV) – The Terry Lee Wells Nevada Discovery Museum (The Discovery) invites you to a check presentation and the launch of their new monthly Tech!Night program on Wednesday, January 11 at 4 p.m. Tech!Nights will feature a variety of high-tech tools and techniques, gadgets and games, in the museum’s *Spark!Lab Smithsonian*. This exciting new program is generously supported by a grant from the **Best Buy Foundation** and will give visitors the opportunity to engage with emerging technology on the second Wednesday of every month.

Tech!Night programming is designed primarily for museum visitors in the 8- to 16-year-old age range, but visitors of all ages are certain to find something appealing.

“We’re excited to have the Best Buy Foundation’s support of this program designed to bring new and emerging technology to museum visitors,” said Mat Sinclair, executive director. “We are always looking for alignment with community partners in our continuing effort to expand the museum’s educational offerings.”

Representatives from Best Buy and The Discovery will be at the first Tech!Night on January 11, to present the museum with a sponsorship check and kick off this exciting new program. Guests who attend a Tech!Night can expect to fly a drone, command a robot, print in 3-D, explore computer coding, and more.

**What:** Check presentation and launch of Tech!Night

**When:** Wednesday, January 11 at 4 p.m.

**Where:** The Discovery · 490 S. Center Street, Downtown Reno, NV

**Cost:** Free with museum admission
