## Start Your Engines this April at The Discovery!

**Reno, Nev. (March 29, 2019)** – This spring the Terry Lee Wells Nevada Discovery Museum (The Discovery) invites museum visitors age 5 and under to explore the “Super Service Center,” an exciting new exhibit located in the museum’s *Little Discoveries* exhibition.

Little mechanics can step into a pretend auto repair shop equipped with all the tools and equipment they’ll need to perform maintenance on a kid-sized car. The exhibit will provide young museum visitors with the opportunity to explore the field of car care while also encouraging cooperative, hands-on play.

“Our *Little Discoveries* exhibition is a popular space in the museum, so we are excited for the chance to offer a new experience for the age range it serves,” said Patrick Turner, VP of Marketing & Communications at The Discovery.

Some features of the exhibit include a tool chest with pretend wrenches and lug nuts, a muffler to replace, containers for oil, washer fluid and coolant, tires to change and a pneumatic drill with realistic sound effects. There’s also a diagnostic activity with sensors that let visitors check under the hood, and a service desk with work orders and a computer with realistic parts and inventory activity.

The grand opening of the Super Service Center exhibit will take place April 13-14. The Super Service Center is included with museum admission, restricted to museum visitors age 5 and under only due to its location in *Little Discoveries*. Visit [www.nvdm.org](http://www.nvdm.org) or more information.

Funding for the Super Service Center at The Discovery generously provide by NAPA AutoCare Centers, A Master Mechanic, Allen’s Automotive, Arrow Automotive, Christensen Automotive, Greg’s Garage, Levrett Automotive, LT Automotive, Roy Foster’s Automotive, Wayne’s Automotive Center, NAPA Auto & Truck Parts, Jasper Engines & Transmissions, Heritage Bank, AutoVitals, cbCharge, Flatout Branding & Design, Kukui and Synchrony.
