

## **Annual Chemistry of the Cocktail Returns Nov. 5**

*The Discovery's annual fundraising event invites guests to an evening in Paris*

**RENO, Nev. (Oct. 14, 2021)** – The Terry Lee Wells Nevada Discovery Museum (The Discovery) is bringing the City of Light to Reno at their premier annual fundraiser, Chemistry of the Cocktail, on Friday, Nov. 5 at 6 p.m.

Attendees can spend an evening strolling Parisian street scenes while sampling French-inspired cocktails and be treated to a seated four-course meal prepared by Blend Catering. They'll also take part in hands-on cocktail chemistry experiments, all while providing much-needed financial support for The Discovery.

“Chemistry of the Cocktail is our largest fundraising event of the year and we’re excited to hold it again after postponing in 2020,” said Mat Sinclair, President/CEO of The Discovery. “We hope Reno joins us in supporting a meaningful cause, all while having fun in the process.”

The event also features a silent auction with items including travel, dining, golf and unique experiences. In addition to the silent auction, guests will have the chance to break The Vault and win big. For a \$50 or \$100 donation, attendees can punch their choice of 100 compartments containing prizes like wine, spirits, gift cards, dining and other experiences.

Meadows Bank is the presenting sponsor of Chemistry of the Cocktail with support from Dolan Auto Group, SNC, Click Bond, Porterhouse Marketing, Koch Elevator, Celadon Events, Gunderson Law Firm, Bryce Bohlander with Edward Jones, Logic, Plumas Bank, Donahoe Hydro Geo, KPS3, Waste Management, Microsoft, Bodger Law Practice, Vantage Wealth Planning, Fennemore Craig Attorneys, Whittier Trust, KRN News 4, FOX 11, Blend Catering Company, Bently Heritage Estate Distillery, Breakthru Beverage, Liberty Food & Wine Exchange and Great Basin Brewing Company.

For the health and safety of attendees, staff and volunteers, proof of full COVID-19 vaccination and a valid photo ID are required to attend this year's event.

Tickets to the nearly sold-out event are \$250 each. To purchase tickets or for more information, visit [ChemistryoftheCocktail.org](https://ChemistryoftheCocktail.org).
